Meet Cole.

Walter Energy takes pride in providing Cole's parents and over 2,100 others with jobs in West Alabama. We operate 15 coal mines in three countries and employ 4,200 worldwide. Walter Energy has been one of the largest contributors to the West Alabama economy for over three decades. Our future plans call for even more new jobs for West Alabama on the coming years. So, when Cole earns his degree and hangs up his catcher's mitt for the last time we will have a job waiting on him.

I remember the day I knew baseball was in your heart; you were 3 years old & mesmerized by ESPN on TV. You would bring the sports section of the newspaper to have the highlights & scores read to you. Your love for the game has yet to be surpassed by anyone I know. You make me proud. Keep on the path that God has prepared for you. I love you, Auntie Pickle

How can you not be romantic about baseball???
